## Web site Review

You are to review five different web sites. Four topics have been given to you; the fifth topic is your choice. Make sure each site is appropriate and not offensive to anyone. For **each** review you must include:

- The web site address
- The positive and negative aspects of the site.
- Who is the intended audience of the site?
- Is it informative? Are their links to other resources?
- How fast does it load? Can meaninful information be seen in 30 seconds or less?
- Is it easy to navigate? Are the links clearly labelled allowing for easy movement between pages?
- Is it creative? Are colour and graphics used asthetically? Is the layout consistent?
- Give the site a rating out of ten. (10 being Exceptional, 1 being Poor)

Use the chart to check off each section as you review a site so you make sure no information is missed.
